DECISION ON PETITION

This is a decision on the petition under 37 CFR §1.137(b), filed January 3, 2002, to revive the above-identified application.

The petition is **granted**.

This application became abandoned for: 1) failure to timely remit the issue fee as required by the Notice of Allowance and Issue Fee Due mailed, August 3, 2001, which set forth a three (3) month statutory period for reply, and 2) failure to timely file corrected drawings as required by the Notice of Allowability, also mailed August 3, 2001, which set forth a three (3) month shortened statutory period for reply. No response was received with the allowable period. Accordingly, this application became abandoned on November 4, 2001. The instant petition was filed before a Notice of Abandonment could be sent.

Petitioner is advised that Form PTOL-85B, which allows petitioner to designate specific information to be printed on the patent, has not been received. This form is enclosed for petitioner's convenience. Form PTOL-85B should be mailed to the address, as indicated on the form, within one-month of the mail date of this decision in order for the requested information to appear on the patent.

The address as provided on the instant petition differs from the address of record. Although a courtesy copy of this decision is being mailed to the address as cited on the petition, petitioner is advised that all future correspondence will be mailed solely to the address of record until appropriate written instructions to the contrary are received.

The issue fee was remitted on January 4, 2001. The corrected drawings, filed January 3, 2002, are acknowledged.

The application file is being forwarded to the Publishing Division for processing into a patent.
